Trevor Schulze, CIO, Alteryx received the Large Corporate ORBIE for organizations up to \$1 billion annual revenue.

Dr. Selim Aissi, Global CISO, Blackhawk Network, received the CISO ORBIE for Chief Information Security Officers.

THE ORBIE AWARD

The ORBIE® has been presented to every winner since the inception of the Awards in 1998. The ORBIE Award is synonymous with the excellence the Award represents, meticulously handcrafted from steel and crystal - symbols of honor and achievement. The ORBIE signifies exceptional leadership, innovation, and vision; representing the characteristics and qualities that inspire others to achieve their potential.

THE ORBIE AWARDS

The ORBIE® Awards is the premier technology executive recognition program in the United States. Since inception in 1998, over 700 technology leaders have received the prestigious ORBIE Award. The ORBIE honors chief information officers and, for the first time ever, chief information security officers who have demonstrated excellence in technology leadership. Finalists and winners are selected by an independent peer review process, led by prior ORBIE recipients, based upon:

- Leadership and management effectiveness
- Business value created by technology innovation
- Engagement in industry and community endeavors

ABOUT BAYAREACIO

BayAreaCIO is the preeminent peer leadership network of Bay Area chief information officers. Our membership is comprised exclusively of CIOs (or equivalent executive roles) from public and private companies, government, education, healthcare and nonprofit organizations.

BayAreaCIO is led by a CIO Advisory Board which sets the annual program agenda for the association. Events are facilitated by a full-time Executive Director and professional staff. BayAreaCIO events are CIO-led and attended solely by CIO-level executives.
